For my letter writing friends on this Saturday of WordCamp Wilmington 2017, it is a delight to be blogging about the new Happy Mail book by Eunice & Sabrina Moyle.

From having written over 900 daily blog posts, today is #941, this is a book I am delighted and emphatic about sharing with my letter writing friends, pen pals and anyone wanting to dress up their letter writing looks. Especially nice is if one were on a budget and wanting to really have wonderful and unique stationery I believe you'll love this book!

Hello! Lucky

Having the September 2017 book arriving I ordered last week I've been having a lot of fun going through this book. The two sisters have their company [Hello! Lucky](#) – creating letterpress cards & stationery.

I'm recalling first learning about Hello! Lucky as one of the sponsors for the Write_On Challenge held each April during National Letter Writing Month, in 2017 they were sponsors along with Eggress, Mohawk, and Sakura.

The official title is Happy Mail: Keep in touch with cool & stylish handmade snail mail!

Just an aside to be sure to credit properly the authors of this wonderful book. Whereas the cover shows the Authors as Eunice Moyle and Sabrina Moyle, the description at Amazon lists both of them AND Alex Bronstad as Author who among her talents at their website lists as *“Marketing director, product photographer, site manager, and social butterfly.”*

The book has step by step instructions, lists supplies, and also introduces greeting card look and feel you can make yourself! Have fun exploring their book at their [website!](#)

Join me tomorrow for my Sunday blog post. I'll be presenting at WordCamp Wilmington 2017 with “Top 9 Lessons from Daily Blogging for over 900 Days & Still Counting”!

Anchors Aweigh,

Helen
